

REMARKS

In accordance with the Notice of Non-Compliant Amendment, Applicants are resubmitting a listing of the claims. Specifically, the statement was made that "currently amended clms 4 + 7 show no amended markings." The amendments to these claims involved adding a period (.) at the end of claim 4, and deleting the colon (:) and replacing it with a period (.) at the end of claim 11. A vertical line appeared to the left of the last sentence in claims 4 and 7 to indicate the location of the amendment.

These "amended markings" appeared in the claim sheets as originally submitted and it is believed that the claims are in proper form for examination

Respectfully submitted,
